Enva offers a range of options for the storage of liquid oil waste

Waste Oil & Mixed Fuel Storage

Under the Deco-Paint & Solvent Regulations, all solid wastes containing volatile organic compounds (VOCs) must be collected in dedicated closed containers for disposal or recovery.

Bunded Waste Oil Tanks

All bunded waste oil tanks are engineered for the storage of waste oil and come complete with large capacity tundish, lockable lids, removable strainer and environmental agency oil bank graphics.

	Length (mm)	Width (mm)	Height (mm)	Weight (mm)	Actual Capacity
650 Litre	1715	670	1440	110	679
1000 Litre	2150	710	1525	135	1056
1200 Litre	1900	1600	1055	130	1317
1400 Litre	1900	1250	1560	135	1452
2000 Litre	2360	1320	1520	185	2110
2500 Litre	2460	1435	1575	215	2571

+353 (0) 57 867 8600

Made from 100% moulded polyethylene IBC bunds are fully compliant with regulations and are suitable for corrosive chemicals.

IBC Bunds

Optional deck / platform (less accuracy required when loading IBCs).

Drum Spill Pallets

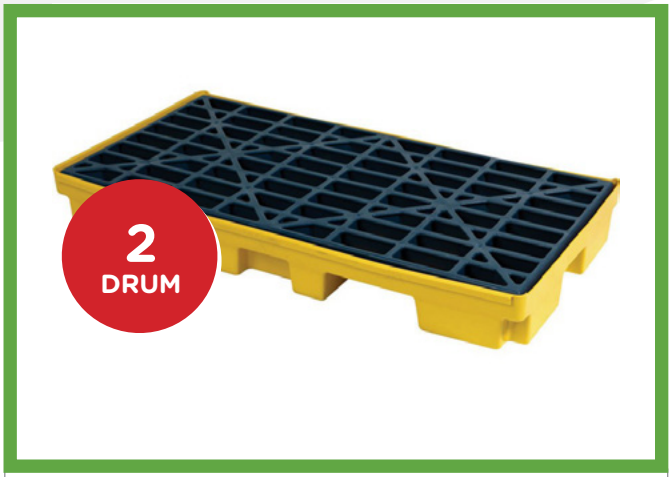

Options include 2 or 4 drum spill deck.

1100 Litre IBC Bund

Length (mm)	Width (mm)	Height (kg)	Capacity (Litres)
1450	1450	1000	2000

2 Drum Spill Deck

Length (mm)	Width (mm)	Height (kg)	Capacity (Litres)
1450	1450	1000	2000

1100 Litre IBC Bund (double)

Length (mm)	Width (mm)	Height (kg)	Capacity (Litres)
1450	1450	1000	4000

4 Drum Spill Deck

Length (mm)	Width (mm)	Height (kg)	Capacity (Litres)
1450	1450	1000	4000

+353 (0) 57 867 8600

Enva offers a range of environmental products that offer excellent solutions to leakages, spills and overflows.

Spill Kits

Spill Kits come in 50, 240 and 660 Litre options.

50 Litre Spill Kits

50L Spill Kit comprising of:

- 1 Yellow PVC bag with Shoulder Strap
- 30 Absorbent Pads
- 4 Absorbent Socs
- 1 Carton of Safety Sorb
- 1 x PPE Kit
  (Goggles, Gloves, Warning Tape and 2 x Disposal Bags)

Absorbent Pads & Booms

240 & 660 Litre Spill Kits

	240 Litre	660 Litre
Absorbant Pads*	100	400
Booms*	2m x 1m	(2) 3m x 20cm
Absorbent Granules	✓	✓
Warning Tape	✓	✓
PPE - Oil Spec Gloves	✓	✓
PPE - Safety Glasses	✓	✓
PPE - Tyvec Suit	✓	✓
PPE - Disposable Respirator	✓	✓

*** Enva can provide absorbent pads and booms as separate items as required.**

Parts Washer

The Enva sink on drum parts washer is the inexpensive solution for cleaning workshop parts by hand. Cleaning solution is stored in 60 litre (standard) sink size and 100 litre (large) sink size.

The flexible hose cycles cleaning solution directly into the sink base for easy cleaning.

Length (mm)	Width (mm)	Height (mm)	Weight (kg)	Max. Load Capacity (kg)
780	1370	1211	45	310

Waste Oil & Mixed Fuel Storage

Tight Head Drum

Enva provide 205 litre UN approved tight head drums for the containment of mixed fuels (petrol, diesel, kerosene) on site and will collect the drum for disposal when full.

Diameter (mm)	Height (mm)	Weight (kg)	Capacity (Litres)
572	851	14	205

IBC

Enva provide 1000 litre UN approved tight head drums for the containment of mixed fuels (petrol, diesel, kerosene) on site and will collect the drum for disposal when full.

Length (mm)	Width (mm)	Height (mm)	Weight (kg)	Capacity (Litres)
1200	1000	1160	56	1040

Anti-Freeze & Coolant Waste

Anti-freeze / coolant also contains a quantity of ethylene glycol, which can cause detrimental effect to marine life. **For this reason, it needs to be disposed of in an appropriate manner.**

Tight Head Drums

	Diameter (mm)	Height (mm)	Weight (kg)	Capacity (Litres)
205 L	572	851	14	205

IBC

Length (mm)	Width (mm)	Height (mm)	Weight (kg)	Capacity (Litres)
1200	1000	1160	56	1040

Solid Oily Waste

An empty bin will be delivered, and upon request, collected when full.

240 Litre Bin

Length (mm)	Width (mm)	Height (mm)	Weight (kg)	Actual Capacity (kg)
740	580	1070	14	96

660 Litre Bin

Length (mm)	Width (mm)	Height (mm)	Weight (kg)	Capacity (Litres)
780	1370	1211	45	310

205 Litre Combi Drum

Diameter (mm)	Height (mm)	Weight (kg)	Capacity (Litres / kg)
572	851	14	205 / 320

800 Litre ASP Bin

Length (mm)	Width (mm)	Height (mm)	Weight (kg)	Capacity Actual (kg)
1000	800	1200	210	1410

Waste storage solutions

Oil Filter Waste

240 Litre Bin

An empty bin will be delivered, and upon request, collected when full.

Length (mm)	Width (mm)	Height (mm)	Weight (kg)	Actual Capacity (kg)
740	580	1070	14	96

Batteries

Battery Box

Enva offers a rebate on Lead Acid Batteries collected.

Length (mm)	Width (mm)	Height (mm)	Max. Load Capacity
1200	1000	769	60

Aerosols

120 Litre Open Top Drum

Transporting and disposing of aerosols can be dangerous as they are pressurised containers. Enva collect aerosols in 120 litre open/vented containers. **The 30 kg weight limit cannot be exceeded.**

Diameter (mm)	Height (mm)	Weight (kg)	Max. Load Capacity (kg)
498	800	6	30

Paint Waste

Under the Deco-Paint & Solvent Regulations, all solid wastes containing volatile organic compounds (VOCs) must be collected in dedicated closed containers for disposal or recovery.

205L Combi Drum

Enva offers a variety of options for the storage and dispose of Solid and Liquid Paint Wastes.

Diameter (mm)	Height (mm)	Weight (kg)	Capacity (Litres)
572	851	14	205

660 Litre Bin

All paint cans should be stored neatly in an upright manner.

Length (mm)	Width (mm)	Height (mm)	Weight (kg)	Capacity (kg)
780	1370	1211	45	310

1000 Litre FIBC Bag (with stack)

Please note all paint cans should be stored neatly in an upright manner.

Length (mm)	Width (mm)	Height (mm)	Weight (kg)	Capacity (litres)
1200	1000	1160	56	1040

1000 Litre Composite IBC

Enva provide the appropriate UN Approved IBC for the containment of liquid paint on site and will collect the IBC for disposal when full.

Length (mm)	Width (mm)	Height (mm)	Weight (kg)	Capacity (litres)
1200	1000	1160	56	1040

Metal Disposal

Used hosing is a hazardous waste as it is contaminated with oil. The producer of the waste is specifically required under law to dispose of it as diligently as they would their waste oil. Enva offers a range of storage options for the disposal of metal hoses.

240, 660 & 1100 Litre Bins (metal hoses)

	Length (mm)	Width (mm)	Height (mm)	Weight (kg)	Capacity (kg)
240L	740	580	1070	14	96
660L	780	1370	1211	45	310
1100L	880	1090	1295	58	450

Industrial Cleaning Products

Enva supplies a range of bespoke biological and chemical cleaning products and detergents to our customers. These products are environmentally friendly, nontoxic and biodegradable, using different blends of microorganisms, bacteria or chemicals to target odours, dirt and grime, fats, greases and organic wastes.

A+/C+ Cleaner	Bio formulated cleaning solutions for the safe, effective removal of all grease, grime and dirt from multi composite surfaces and floors. It also acts a powerful deodoriser. Common uses include Large Commercial Vehicles cleaning. Enva can tailor the product blend to customers' specific requirements and can vary the levels of pH depending on requirements. These cleaning products are non-hazardous, biodegradable and safe to dispose of into drainage systems.
BioOdour control	A non-toxic blend of biodegradable, natural active agents that rapidly removes organic compounds and odours from tanks, tankers, septic systems, air duct vents, GRUs grease interceptors, gullies, drains and skips and storage areas. BioOdour can be applied direct to the odour source or can be sprayed onto contaminated areas with a knap sack.
OdourFree	An environmentally friendly, portable toilet additive with concreate fragrance. Examples of use include caravans, buses, trains and boats. Odour free it works at its optimum efficiency during conditions of continual hot weather. This is a major benefitting factor for toilet hire firms and boat owners that are repeatedly called out when the chemical additives they have used have been become exhausted and foul odours prevail.
BioDegreaser	Bio-Degreaser is a bio enhancement product for preventing the build-up of troublesome grease and fats in restaurants, hotels, canteens, food halls etc. It is also effective in drainage systems and waste water treatment plants.
Carpet & Upholstery cleaner	A general purpose carpet cleaner that can be sprayed onto carpets or used through a carpet cleaning machine. The product is very effective in removing dirt, grease, grime and oil, it's also pH netural.
ECOSAN disinfectant	ECOSAN is a powerful concentrated disinfectant sanitizer for use on all food preparation surfaces and food processing equipment, walls, floors, laboratories and other high-risk areas. The product contains an ingredient called Vantocil and can be used to disinfect frequently touched objects and surfaces.
