The Registrar of Companies for England and Wales hereby certifies that
under the Companies Act 2006:

OAKWOOD FUELS LIMITED

a company incorporated as private limited by shares; having its registered
office situated in England and Wales; has changed its name to:

ENVA ENGLAND SPECIALIST WASTE LIMITED

Given at Companies House on **6th November 2018**

Companies House

**THE OFFICIAL SEAL OF THE
REGISTRAR OF COMPANIES**

Policy Statement

Safety, Health, Environmental & Quality Statement of Intent

Enva's Management Systems scope, accredited to ISO9001, ISO14001 and ISO45001, relates to the provision of waste management services and laboratory services. Collection, treatment and transfer of waste oils, other permitted waste streams and the manufacture and sale of fuel products.

Enva recognises that Health, Safety, Quality, and Environmental issues relevant to our office, processing areas and logistics operations, are a fundamental part of our business. Our objective is to meet and where possible, exceed the requirements of all applicable legislation and Group policy. This will be achieved whilst addressing the needs of the business and maintaining our accredited Management Systems. Wherever possible, Enva shall commit to the implementation of identified best practice through its Management Systems.

In particular we shall:

- Continue to develop a positive Safety, Health, Environmental & Quality culture across the organisation involving employees in the development and implementation process.
- Ensure all employees and contractors take responsibility for working in a manner that promotes quality, minimises the risk of harm to the environment and promotes the Health & Safety of employees, contractors, visitors and members of the public.
- Assess the level of risk from all significant health, security, safety and environmental hazards and so far as reasonably practicable, ensure that they are eliminated or adequately controlled.
- Provide appropriate leadership, information, systems of communication, instruction, development training, retraining and supervision in health and safety to maintain and continuously improve the competence levels of all employees.
- Monitor and minimise the health, safety and environmental impact of our operations where reasonably practicable.
- Communicate, consult and encourage participation of employees and interested parties.
- Ensure full compliance with applicable legal requirements, Approved Codes of Practice and industry specific guidance and Protocols related to our Safety, Health, Environmental & Quality processes and corporate business strategies; these will be regarded as minimum standards of achievement.
- Allocate sufficient financial and physical resources to achieve our objectives.
- Accurately assess customer requirements, ensure that the quality of service delivered consistently meets or exceeds expectations and respond effectively to any concerns about the level of service provided.
- Regularly monitor, audit and review our own, contractors' and suppliers' performance to ensure continual improvement.
- Regularly review Company assets and security measures to minimise losses

Policy Statement

- Maintain and communicate a COVID19 response plan and policy
- Provide an independent OH advisory service targeting health screening and health surveillance for each employee where appropriate.

The Director and Management Team are responsible for Safety, Health, Environmental & Quality at Enva. They are supported in this role by the Safety, Health, Environment, and Quality Manager who, as a management representative, is responsible for developing the Company's policies and procedures in line with current Health, Safety and Environmental legislation and for monitoring/auditing compliance with the systems.

This Policy Statement is reviewed at least annually, and is communicated to employees, contractors and suppliers; prominently displayed for visitors and will be made available to the public, stakeholders and any other interested party on request.

GOODS VEHICLE OPERATOR'S LICENCE

THIS LICENCE MUST NOT BE ALTERED OR DEFACED IN ANY WAY

Issued to:

**Alex Rice
ENVA ENGLAND SPECIALIST WASTE LTD
BRAILWOOD ROAD
BILSTHORPE
NEWARK
NG22 8UA**

Issued by:

Office of the Traffic Commissioner
North East of England
Hillcrest House
386 Harehills Lane
Leeds
LS9 6NF
0300 123 9000

Goods Vehicle Standard National

Licence number: OB0231171
NOT TRANSFERABLE

This licence is in force from:

20/10/2001

This licence will continue for as long as you continue to meet its terms. However, it will come to an end if you do not pay the necessary continuation fee by the date required. The licence may also face regulatory action including revocation if you operate outside its terms. You have paid for an initial period of five years, which starts with the date the licence was issued. The continuation fee must be paid before the end of the month before that five year period comes to an end and every five years after that. Please see note 1 for further details.

This document is an operator's licence issued under the Goods Vehicles (Licensing of Operators) Act 1995 (the Act). The undertakings recorded on this licence have been given by the licence holder and are considered to be material to the grant of the licence. In the case of a licence first issued before 1 January 1996, the recorded undertakings include statements of intent made by the operator.

The maximum number of motor vehicles and trailers authorised in accordance with section 6 of the Act is:

Motor vehicles 55

Trailers (inc semi-trailers) 15

A handwritten signature in black ink, likely belonging to the Traffic Commissioner.

Notice of variation and consolidation with introductory note

The Environmental Permitting (England & Wales) Regulations 2016

Enva England Specialist Waste Limited
Bilsthorpe Oil Treatment Plant
Brailwood Road
Bilsthorpe
Newark
Nottinghamshire
NG22 8UA

Variation application number

EPR/DP3331MG/V006

Permit number

EPR/DP3331MG

Bilthorpe Oil Treatment Plant

Permit number EPR/DP3331MG

Introductory note

This introductory note does not form a part of the notice

Under the Environmental Permitting (England & Wales) Regulations 2016 (schedule 5, part 1, paragraph 19) a variation may comprise a consolidated permit reflecting the variations and a notice specifying the variations included in that consolidated permit.

Schedule 1 of the notice specifies the conditions that have been varied and schedule 2 comprises a consolidated permit which reflects the variations being made.

This variation is to permit the increase of on-site storage capacity for hazardous waste listed in table S2.2 (waste oils) from 820 to 1836 tonnes at any one time but maintain the annual throughput volume at 50,000 tonnes per annum. The waste types listed in table S2.2 remain unchanged.

The wastes types and annual limits listed in table S2.3 of the permit also remain unchanged.

As a result of this variation there will be the:

- Removal of 3 existing tanks,
- Addition of 6 tanks,
- Addition of new containment bunds, and modification of existing bunds,
- Additional emission points to air from a tank breathers,
- Increased monitoring on existing tank breather emission points to meet sector BAT requirements, and
- regularise and updated the hazardous waste storage.

The waste materials handled and the treatment processes employed on site will continue to be the same. There will be no increase in the treatment capacity at the site.

The rest of the facility is described as follows:

The facility is currently permitted to manufacture Processed Fuel Oil (PFO). PFO is used as a virgin fuel substitute in a variety of large industrial burning applications and undertake waste operations on a variety of hazardous and non-hazardous waste.

The facility is divided into 4 areas – two processing areas and two office facilities. The centre of the site is at National Grid Reference SK65256060.

The processing site and offices covering an area approximately of 400 000 ft². This includes the wooded area screening the site along Eakring Road.

The site is enclosed within a two metre high chain link fence topped with 3 strand barbed wire except for the eastern boundary which has a two metre high palisade fence along the access road approach to the site. Access to site is by one of two lockable gates with the northern access limited further by a remotely controlled barrier.

There are vehicle dismantlers and landfill operations to the east of the site and secure vehicle storage facilities to the north.

There is a dense area of shrubs and young trees to the western boundary which screens the plant from domestic properties some 180 metres away to the west.

Birklands and Bilhaugh SAC are 7 km from site. The River Greet is approximately 1km away and Rainworth Water is 1.1km from the site.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit

CIWM Chief Executive Officer

The Chartered Institution
of Wastes Management

United Kingdom Accreditation Service

ACCREDITATION CERTIFICATE

TESTING LABORATORY
No. 4671

ENVA ENGLAND SPECIALIST WASTE LIMITED

is accredited in accordance with the recognised International Standard ISO/IEC 17025:2005 - General Requirements for the competence of testing and calibration laboratories.

This accreditation demonstrates technical competence for a defined scope as detailed in and at the locations specified in the schedule to this certificate, and the operation of a laboratory quality management system (refer joint ISO-ILAC-IAF Communiqué dated April 2017).

The schedule to this certificate is an essential accreditation document and from time to time may be revised and reissued by the United Kingdom Accreditation Service. The most recent issue of the schedule of accreditation, which bears the same accreditation number as this certificate, is available from the UKAS website www.ukas.com.

This accreditation is subject to continuing conformity with United Kingdom Accreditation Service requirements. The absence of a schedule on the UKAS website indicates that the accreditation is no longer in force.

Section Head, United Kingdom Accreditation Service

Initial Accreditation date
2 March 2011

This certificate issued on
21 November 2018

UKAS is appointed as the sole national accreditation body for the UK by The Accreditation Regulations 2009 (SI No 3155/2009) and operates under a Memorandum of Understanding (MoU) with the Department for Business, Energy & Industrial Strategy (BEIS)
