Entry Form

Design a Bug Hotel!

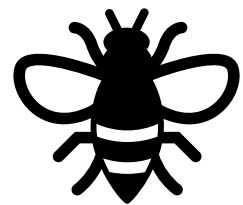

We need your help to design a Bug Hotel! A home for bugs that will be made from reusing construction site materials such as pallets, drainpipes, plastic ducting, gravel, bricks and roof tiles.

Glencar Construction and Enva are launching this competition to promote sustainability awareness and the reuse of construction site materials to schools in the Nottingham area.

- Competition entries can be as creative and bold as your imagination, and no larger than A4 size.
- Entries can be submitted by email to sustainability@enva.com or by post to Bug Hotel Competition, Enva England Limited, Enviro Building, Private Road 4 Colwick Industrial Estate, Nottingham NG4 2JT
- Closing date for entries is Friday 08.04.22.
- The winning Bug Hotel design will be built from construction materials by Glencar Construction for your school.
- The Winner and 2 runners up will also receive a family ticket to White Post Farm.
- All artwork submitted must be the original work of the individual who has entered, and the young person must be aged 12 or under. A teacher should submit the entry and include contact details. By entering the competition, you agree to entries being shared via Enva and Glencar Construction communication and media platforms.
- See enva.com/bughotel for Competition T&C's

Bug Hotels provide a safe hideaway for creatures galore.

A well-built hotel can shelter anything from hedgehogs to toads, solitary bees to bumblebees, and ladybirds to woodlice.

**Remember to include contact details with each competition entry.
Good Luck!**
